

**BRITTEN SCHOOL  
AUGUST 2016-AUGUST 2017**

**STUDENT SUPPORT AREA AND PHYSICAL INTERVENTION**

In order to assure the safety and well being of everyone at Britten School, students may need to be removed from the learning environment. Students are removed to maintain the integrity of the classroom and learning process. This level of support allows faculty to assist the student in self-regulation to regain emotional/behavioral control and to engage him/her in active problem solving.

I, \_\_\_\_\_, have viewed the Student Support Area which includes the areas of Academic, Sensory, Emotional/Behavioral Support, and Seclusion Rooms during a tour of Britten School. I understand the process and utilization of these areas and understand that the procedures followed at Britten School are in keeping with Public Law 91-600 and Title 89 Illinois Administrative Code III, sec. 384. I further understand that any time my child requires these services; I will receive a copy of the report that provides details of the intervention.

I, \_\_\_\_\_, authorize the faculty of Britten School to utilize physical intervention procedures to ensure the safety of my child and/or others.
