

BRITTEN SCHOOL
AUGUST 2022- AUGUST 2023

OFF CAMPUS ACTIVITIES PARENTAL CONSENT

Your child will be participating in a wide variety of supervised, therapeutic activities while enrolled at Britten School in order to gain academic skills, promote personal growth, and provide exercise. Students leaving the school campus do so for a variety of reasons, including outdoor physical education classes, walks through the neighborhood, and park play. These activities take place in the local neighborhood or in a park district playground/sports park, within a ½ mile radius of the campus. Faculty members monitor students for safety purposes and a safe faculty student ratio is always maintained. The main school office and administration are notified each time a group/class leaves the premises, and faculty notifies the office by school cell phones in the event of an emergency.

Important Note: This consent form applies only to the random, daily off-campus activities. Should a student be involved in a field-trip activity, the parent/guardian will receive a permission form specific to the activity and its purpose, times of departure and return, mode of transportation, and other field trip criteria. **No student will leave the school campus without prior written parent/guardian permission or their student ID.**

I, _____, (Parent/Guardian Name) consent to

the participation of my child, _____, (Student Name) in off-campus activities. I understand that he/she will leave the Britten School campus under the circumstances outlined above. I understand that Britten School faculty will only permit my child to leave campus under safe circumstances.
